ROSEMONT NOTES.

Plans are being made by Milton D. Morrill, architect, for two attractive homes to be built on Cedar street at once for Messrs. Alexander Suter and Frank Slaymaker. These will be modern in every respect and will contain many new features. The homes will be of brick and pebbledash. A living porch 13 x 13 feet will be arranged for enclosure with screen or sash, from this the living room with an attractive open fire place and stairway will connect. The dining room will be in the front and crafts style with butler's pantry connecting; the wall will be decorated with a high plate rail and wainscot. The stairway, which ascends directly from the living room, has a rear doorway connecting with the kitchen, adjoining which is a pantry with outside door. In the second story are three large chambers each with ample closets, there being also two generous linen closets adjoining the bath. A sleeping porch will be a feature. The houses generally will be in the arts and crafts style with an entrance portico treated in half timber. The houses will be heated with hot water throughout. In anticipation of the continued rapid development of Rosemont it is expected that these new homes will find ready purchasers.

Miss Susan Davidson is visiting her sister, Mrs. Alexander Suter, at the latter's home in Rosemont.

Miss Gertrude Fry, daughter of Dr. Henry D. Fry, and who has also been visiting Mrs. Suter, has returned to her home in Washington.

The Rosemont Company reports unusual activity for suburban sales at this season, having sold five lots in section No. 1, in the past week.

BASKETBALL.

The Y. M. S. L. Reserves basketball team took a "joy ride" to Washington last Saturday evening to play a game with the U. S. Patent Office quint in the hall of the Y. M. C. A. Southeast Branch, and defeated their rivals by the score of 43 to 4.

The Patent Office ladies made a game attempt to stop the Reserves, but these youngsters were moving so rapidly that they were flying through the hall dropping dynamite in the midst of their enemies, who could not check them. Nugent played a great game—making ten baskets for his team. The other members of the five put up high-class basketball playing, and demonstrated to the audience that they are as good as any team in this section for their age and weight. The score:

Reserves. Position. U. S. P. O. Hayden. Right forward. Greenly. Nugent. Left forward. Weir. Roland. Left guard. Carroll. Owens. Right guard. Smith. Cockrell. Left guard. Gothold.

Goals from field—Nugent (10), Hayden (7), Roland, Cockrell, Corbett, Carroll. Goals from free tosses—Hayden (3), Weir (2), Roland, Smith, Carroll. Referee, Mr. Williams. Score, Mr. Entwistle.

BASKETBALL TONIGHT.

Those who have never witnessed a basketball game cannot realize what they are missing. While basketball is the national game for summer, basketball takes its place in winter. The Lyceum Basketball Club have leased Armory Hall at a considerable expense and their efforts to entertain should be rewarded by the public who should turn out in large numbers to cheer them on to victory.

The article of ball played by them is far above the average and there is every reason to believe they will be able to hold their own against all comers. Games have been booked with the best teams of Washington and Baltimore and tonight they will endeavor to clip the wings of the Eagles who soar so high in basketball circles of Washington, D. C. The Eagles come here with a reputation of being excellent goal shooters and are capable of putting up a first class game. The Lyceum boys are also in good condition and the game tonight promises to be one of the best of the season. Game starts promptly at 8:15 p. m.

AUTO COLLIDES WITH BUGGY.

While driving a buggy on I street northwest Washington, yesterday afternoon, Dr. A. Crawford, of Alexandria county, narrowly escaped death or serious injury in collision with an automobile. The doctor was crossing Sixteenth at I street, when the automobile struck his horse. Both forelegs of the horse were broken, and it was necessary to shoot him. The animal was valued at \$400.

DECREE ENTERED.

A decree was entered yesterday in the Circuit Court for Fairfax county by F. B. Taylor, as attorney for the Kentucky and Alabama heirs of the late Miss Anne S. Probel for the sale of the Probel farm known as "Wilton," just west of this city, containing upwards of 112 acres.

NEW OPERA HOUSE.

In addition to the excellent vaudeville features at the New Opera House to-night there will be two exceptionally good reels of motion pictures—"Madam X," and the other, "Round Trip, \$5.98," the latter interest being centered in the historic points of Washington city, in which pictures you can see your likeness. In Jack Oliver's stand the management has secured Thomas Kerry, the great violinist. Another very large and interesting

ENTERTAINMENT LAST NIGHT.

A large audience gathered in the Young People's building of the Methodist Episcopal Church South last night, to witness the entertainment, consisting of tableaux and musical selections, which was given under the direction of Mrs. Oscar F. Carter for the benefit of the building fund of the Second Presbyterian Church. The programme was as follows: "Good Morning," by the children; "The Hour of Prayer," sung by Mrs. Wools and pictured by nine characters in three scenes; "An Original Tableau," read by Miss Ruth Prettyman and pictured by nine characters; "Rock of Ages," sung by Mrs. Wools and pictured by one character; "Maud Muller," read by Miss Prettyman and pictured by seven characters; "Bringing in the Sheaves," sung by Mrs. Wools and pictured by seven characters; "Hiawatha's Wooing," read by Miss Prettyman and pictured by four characters; "Good Night," by two children. The affair was under the auspices of the young women of the "P. A. P." Society of the Presbyterian Sunday school.

ASSAULTED AND ROBBED.

Early last night while Mr. E. G. Colvin, agent of the Metropolitan Life Insurance Company, was on Oronoco street, between Fayette and Payne, one of whom asked him if he was agent for "straight insurance." Upon replying in the affirmative one of the darkeys struck him on the head with a stone, knocking him down and stunning him. The negroes then took \$80 he had in his possession, and made off. When Mr. Colvin revived he went to the residence of Mr. W. A. Smoot, at Colross, half a square away, and told his experience.

A telephone message was sent to the station house announcing the assault and robbery and the police began a search for the highwaymen.

Later Chief Goods and Officer Nicholson arrested a negro known as Hays Jackson, alias "Sixbits," who answers the description Mr. Colvin gave of one of his assailants. Fifteen dollars and fifty cents were found in his pockets. It is alleged that he had no money two or three days ago and, so far, he has been unable to establish an alibi. Mr. Colvin looked at Jackson at the station house this morning, but could not positively identify him as one of his assailants although he believes he was one of them.

James Supple, colored, was also arrested on suspicion of being one of the footpads. The case was not called in the Police Court this morning, but will be continued until the police make further investigation.

ELKS' MEMORIAL SERVICES.

Judge R. T. W. Duke, jr., of Charlottesville, will deliver the principal address at the annual memorial services of Alexandria Lodge of Elks the first Sunday in December. Chairman C. B. Marshall, of the memorial committee, received a telegram from Judge Duke yesterday, accepting the invitation to speak on that occasion.

The memorial exercises this year will be held in the auditorium of the Elks' new home, and because of the limited seating capacity only two extra tickets will be issued to each member. The committee also has announced that Mr. J. Fred Birrell will respond to the sentiment, "Our Order," and that the vocal selections will be given by Christ Protestant Episcopal Church quartet.

At the meeting of Alexandria Lodge last night, Thursday, December 1, was decided upon as the day the local Elks will attend in a body the autumn festival to be given under the auspices of Washington Lodge.

CHILDREN'S HOME.

The Children's Home will celebrate its annual Thanksgiving pound party at the home Thursday, from 9 a. m. to 10 p. m. Those who have at other times donated to the home, are asked to kindly do so again and those who have not heretofore contributed are requested to do so this year and make for these children a Thanksgiving worthy the name.

ALEXANDRIA HOSPITAL.

The board of managers of the Alexandria Hospital have sent out the following card: "According to custom we are calling the attention of our friends to the approach of Thanksgiving Day, the season when, in the past, they have so kindly donated money, groceries, provisions of all kinds, household articles and every thing that can be useful in such an institution.

"The ladies will be at the hospital on the 22nd, and hope to be the recipients of your generosity, as in the past."

MR. THOMPSON RESIGNS.

Mr. J. S. Barbour Thompson, for so long connected with the Southern Railway Company, and who for many years has held the office of assistant to the president of that company, with headquarters at Atlanta, has tendered his resignation, to take effect on December 1st, to accept the presidency of the Atlantic Compress Company. Mr. Henry W. Miller will succeed him as assistant to the president of the railroad company. Mr. Thompson is well known here, where he lived for several years.

SCHOOL CLOSED.

It became known yesterday, through Health Officer Gorman, that two children, living in the northwest section of the city, and at whose home a mild case of smallpox is under treatment, had attended school in Lee building on Friday last. After consulting with the School Board officers the principal of the school at once dismissed the scholars and ordered the school closed till Friday next and in the meantime the building is being thoroughly fumigated and disinfected. No trouble is anticipated, but it was thought best as a precautionary measure to close the building for a few days.

NIGHT SERVICE.

The Postal Telegraph Cable Company announces that their service at night after closing hour of the office is being discontinued and the patrons of this service are being transferred to the past. The company has been closed, and the service is being discontinued.

PERSONAL.

The musical tea given on Saturday afternoon at the residence of Bishop Lloyd was both a social and financial success. The young ladies who managed both parts in the little entertainment, which was for the benefit of a tuberculosis patient at Catwaba, deserve much credit for this true act of charity. Mr. John B. Carter, of Alexandria, spent Sunday with friends here. Mrs. L. J. Jacobs and little son, Virginius, of Alexandria, are spending ten days with her mother, Mrs. E. F. Clark.—[Fredericksburg Star.]

Mr. and Mrs. B. C. Grymes of King George county were in this city on a short visit yesterday.

Mr. Malcolm Hill, who has been quite sick at the home of his mother, in Baltimore, has so far recovered that he expects to return to his home in this city at an early day.

Miss Katie Cavanaugh is visiting friends in Baltimore.

REMODELING CASTLE HALL.

For the past ten days, carpenters have been engaged in remodeling the castle hall of Oriental Lodge, No. 6, Knights of Pythias, on north Pitt street. In addition to new property rooms, a reception room has been added, and all modern conveniences will be installed. The hall will be painted and papered throughout and when finished will be one of the prettiest lodge rooms in the city. Arrangements will be made at the meeting of the lodge to-night for the formal opening of the hall when completed.

COMMITTEE MEETING.

The committee on good of the order of Friendship Council, Daughters of Liberty, met at the home of Mrs. Kate Grim, 210 Duke street, last night, at the invitation of Mr. E. R. Boyer, chairman of the committee. Suggestions of a social feature were offered by Mrs. Geo. Crump, Josephine Jenkins, Mr. Geo. Crump and others. It is expected that in the near future a dance will be given under the auspices of the council.

LECTURE.

Rev. John Hendley, C. T. C., of the Apollonian Mission Home, Washington, will deliver a lecture in the Lyceum Hall, Friday, Nov. 25, at 8 p. m. under the auspices of Court Kavanagh, No. 54, Daughters of Isabella. Father Hendley will be remembered by Catholic and non-Catholic alike, as he conducted the last mission given in St. Mary's Church last spring. This lecture will be interspersed with vocal and instrumental music by well known Alexandria talent. As this lecture is complimentary all are invited.

NEEDLEWORKERS' GUILD.

The Alexandria Branch of the Needlework Guild of America has just closed a very successful annual meeting. Three hundred and sixty-three garments were collected and distributed as follows: Private cases, twenty-five; Old Ladies Home, twenty-seven; Presbyterian Home, four; Children's Home, fifty-six; Colored People's Home, ten; Alms House, thirty-four; Hospital, eighty-six; Co-operative Charities, one hundred and twenty one.

FUNERAL.

The funeral of the late Mrs. Sarah J. Adams took place from the residence on south Lee street this morning at ten o'clock. The services were conducted by Rev. Mr. Rudolph, of Trinity M. E. Church. The pallbearers were Messrs. Henry K. Field, Samuel H. Lunt, Theophilus Ballenger, George A. Nowland, Luther H. Thompson and S. H. Stuart, the last named of Washington.

ORIENTAL COURT.

A well attended and interesting meeting of Oriental Court No. 10 (a side degree of the Junior Order of Mechanics), was held last night in Sarepta Hall. After the meeting the members adjourned to Mr. James Magner's cafe, on north Royal street, where they enjoyed a banquet which had been spread for them.

LOCAL BREVITIES.

The City Council meets tonight. Alice Gallahan was fined \$5 in the Police Court this morning, for being helplessly drunk in the street. This was the only case before the court.

The Alexandria German Club will give their first dance of the season, the Thanksgiving German, at the Elks' Hall on Friday night.

Mr. R. A. Bell, agent and superintendent of the Potomac river work for the W. S. Embrey, Company, has just completed the loading of a sea barge with 17,000 railroad ties for the New York market.

Mr. Joshua Sherwood, keeper of the city almshouse, has sent to this office a sample of the potatoes he grew on the farm at that institution. They are large, smooth and of excellent flavor.

The supply of turkeys for Thanksgiving Day, while not large, is probably ample for the demand, especially when they are selling from 22 to 30 cents a pound.

Hon. C. C. Carlin filed his affidavit in the Corporation Court today from which it appears that he spent nothing in the way of election expenses this year.

Light rains fell about 10 o'clock this morning which continued until about two o'clock when clearing weather followed.

Offered Beach last night recovered the value of one of the pistols stolen recently from Mr. Battershill in Fredericksburg.

CHEAP PRICE ON TURKEYS. Just received 50 with head and feet off. W. P. Wools & Son.

Friend, if you want to make a success in life just follow our advice. In life's great "marathon" the man that gets the most is the one who sticks to a steady gait, looks straight ahead and lets the rest of the mob take care of themselves. Remember there are lots of competitors in the road to success and if you want to "make good" and "get there" with the winners you have got to be in condition. That means you have got to come to Blondheim's Auto Stand or Market for those irresistibly delicious Auto Sausages, Puddings and Food Products.

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by W. F. Creighton and Richard Gibson.

WILL NOT BE PARDONED.

John R. Walsh, who is serving a five-year term in the Leavenworth prison for the alleged illegal manipulation of the Chicago National Bank and allied institutions, will not be granted a pardon by President Taft. Moreover, there is but slight chance of his sentence being commuted.

Interest in this conclusion to the Walsh appeal is increased by the fact that it will act as a precedent in the case of Charles W. Morse, the New York financier, who is serving a sentence for a similar offense in the Federal prison at Atlanta, Ga.

The reports made in the case of Walsh by Federal Judge Anderson, of Indiana, and District Attorney Sims, of Chicago, have been reviewed by Attorney General Wickersham, who will transmit his conclusions to President Taft soon after the latter's return from Panama. The attorney general, it is said, has reached the conclusion that the pardon of Walsh by the president is out of the question on the showing of the facts.

FEDERATION OF LABOR.

The American Federation of Labor in session in St. Louis endorsed a resolution yesterday unionizing the "hoboes" of the country as members of Migratory Laborers' Union. It was also voted to admit the "white rats" along with the Actor's Union of America.

The dues of the members of the Federation of Labor were raised by the passage of a resolution and a committee was named to decide on the amount of the increase.

The federation declined to adopt a resolution favoring centralization in its officers of the power to call general strikes in given places. The strike question came upon the report of the special committee, which was unfavorable to the measure, and an intense debate followed. The delegates from state and central bodies said that often they were unable to make strikes effective because of the lack of authority over local unions. President Gompers said he would not want such authority vested in himself as president of the federation, neither would he want it vested in anybody else who might hold his position.

A resolution asking that Congress be petitioned to enact a law for the pensioning of dependent workmen reaching the age of 60 years was defeated.

MOB LEADERS CONFESS.

Before a curious crowd that filled the county courthouse at Mays Landing, N. J., yesterday, Charles Vaughn, Charles Quinn and James Sears, leaders of a mob that tarred and feathered Frank Sichort, a farmer, at McKee City, pleaded guilty to indictments charging assault and battery. Sentence will be imposed later.

Sichort, a married man, was tarred and feathered by the crowd last summer, because of his alleged attentions to a widow by whom he was employed. He was tied to a pole along the tracks of a railroad, and after he had received his coat was left to the mercy of the mob. Sichort was rescued by a train crew several hours afterward, and spent sometime in an Atlantic City hospital.

All of the defendants testified that they were led to tar and feather Sichort because the latter "was paying too much attention to the widow," and they "wanted to save her children from disgrace."

The New York Trunk Mystery.

New York, Nov. 22.—The identity of the victim in New York's latest "trunk mystery" has been practically established as that of Albert Callier, a French artist, who was a close friend of William Lewis, the missing waiter. An arrest is expected at any time.

"It certainly looks as though we know the guilty man," Deputy Police Commissioner Flynn said today. "An arrest may be a matter of a day or two."

It is known that while Lewis lived in the apartment of Mrs. Alexander, in west thirty-third street, he was often visited by Callier.

According to Mrs. Lucy Cook, who also lived with Mrs. Alexander, Lewis and Callier had a fight one night and Alexander separated them. Callier's visits ceased after this. Mrs. Cook told the police. Lewis told his friends that Callier had returned to France.

Mrs. Cook said that Lewis became morose after his fight with Callier, and that he always kept the door of his room, in which he had three trunks, locked.

Destructive Fire.

Harrisburg, Pa., Nov. 22.—Fire which destroyed two business houses on Market Square and partially gutted a third, was extinguished early today after having burned since 10 o'clock last night. The total loss is estimated at \$225,000. Owing to the lateness of the hour at which the fire started there were few persons in the building and no casualties resulted.

THE POLICE FORCE.

While the efforts of the Board of Police Commissioners to bring the police force of our city to a state of greater efficiency is very commendable, it is the opinion of a great many of our citizens, that instead of the expenditure of \$500 for a patrol wagon and the \$520 required for its maintenance, it would be better, after the installing of a telephone system and the establishment of a pension fund (if a feasible plan can be devised), that any other money the city can afford to appropriate should be applied to raising the salaries of the men employed on the police force.

While the compensation of so many wage earners and others in the business branches have been advanced to meet the great increase in the cost of living these men are still receiving wages less than helpers and laborers in the various trades, a wage rate that must be totally inadequate to properly provide for their families.

In the opinion of the writer and a number of those with whom he has conversed on the subject, it will be the duty of city legislators when considering the raising of the standard of our police department, that the first essential will be to provide a living rate for its members, instead of the very poor salaries now paid.
